Getting the books **Brooke Shields Gary Gross Pretty Baby Photos** now is not type of inspiring means. You could not by yourself going subsequently book amassing or library or borrowing from your friends to retrieve them. This is an unquestionably easy means to specifically acquire lead by on-line. This online pronouncement Brooke Shields Gary Gross Pretty Baby Photos can be one of the options to accompany you with having extra time.

It will not waste your time. consent me, the e-book will no question melody you additional business to read. Just invest tiny epoch to open this on-line pronouncement **Brooke Shields Gary Gross Pretty Baby Photos** as skillfully as evaluation them wherever you are now.

DUG1NP - CONNER CARLA

A leading critic's inside story of "the photo boom" during the crucial decades of the 1970s and 80s. When Andy Grundberg landed in New York in the early 1970s as a budding writer, photography was at the margins of the contemporary art world. By 1991, when he left his post as critic for the New York Times, photography was at the vital center of artistic debate. Grundberg writes eloquently and authoritatively about photography's "boom years," chronicling the medium's increasing role within the most important art movements of the time, from Earth Art and Conceptual Art to performance and video. He also traces pho-

tography's embrace by museums and galleries, as well as its politicization in the culture wars of the 80s and 90s. Grundberg reflects on the landmark exhibitions that defined the moment and his encounters with the work of leading photographers—many of whom he knew personally—including Gordon Matta-Clark, Cindy Sherman, and Robert Mapplethorpe. He navigates crucial themes such as photography's relationship to theory as well as feminism and artists of color. Part memoir and part history, this perspective by one of the period's leading critics ultimately tells a larger story about the crucial decades of the 70s and 80s through the medium of photography.

A collection of seventy

beautifully reproduced black-and-white photographs by an acclaimed and controversial artist offers unique and artistic nude studies exploring youth, family, and intimacy in the modern world.

NEW YORK TIMES BEST-SELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST, NPR, AND KIRKUS REVIEWS A scathing portrait of an urgent new American crisis. Over the last two decades, America has been falling deeper and deeper into a statistical mystery: Poverty goes up. Crime goes down. The prison population doubles. Fraud by the rich wipes out 40 percent of the world's wealth. The rich get massively richer. No one goes to jail. In search of a solu-

tion, journalist Matt Taibbi discovered the Divide, the seam in American life where our two most troubling trends—growing wealth inequality and mass incarceration—come together, driven by a dramatic shift in American citizenship: Our basic rights are now determined by our wealth or poverty. The Divide is what allows massively destructive fraud by the hyperwealthy to go unpunished, while turning poverty itself into a crime—but it's impossible to see until you look at these two alarming trends side by side. In *The Divide*, Matt Taibbi takes readers on a galvanizing journey through both sides of our new system of justice—the fun-house-mirror worlds of the untouchably wealthy and the criminalized poor. He uncovers the startling looting that preceded the financial collapse; a wild conspiracy of billionaire hedge fund managers to destroy a company through dirty tricks; and the story of a whistleblower who gets in the way of the largest banks in America, only to find herself in the crosshairs. On the other side of the Divide, Taibbi takes us to the front lines of the immigrant dragnet; into the newly punitive welfare sys-

tem which treats its beneficiaries as thieves; and deep inside the stop-and-frisk world, where standing in front of your own home has become an arrestable offense. As he narrates these incredible stories, he draws out and analyzes their common source: a perverse new standard of justice, based on a radical, disturbing new vision of civil rights. Through astonishing—and enraging—accounts of the high-stakes capers of the wealthy and nightmare stories of regular people caught in the Divide's punishing logic, Taibbi lays bare one of the greatest challenges we face in contemporary American life: surviving a system that devours the lives of the poor, turns a blind eye to the destructive crimes of the wealthy, and implicates us all. Praise for *The Divide* "Ambitious . . . deeply reported, highly compelling . . . impossible to put down."—*The New York Times Book Review* "These are the stories that will keep you up at night. . . . *The Divide* is not just a report from the new America; it is advocacy journalism at its finest."—*Los Angeles Times* "Taibbi is a relentless investigative reporter. He takes readers inside not only investment

banks, hedge funds and the blood sport of short-sellers, but into the lives of the needy, minorities, street drifters and illegal immigrants. . . . *The Divide* is an important book. Its documentation is powerful and shocking."—*The Washington Post* "Captivating . . . *The Divide* enshrines its author's position as one of the most important voices in contemporary American journalism."—*The Independent (UK)* "Taibbi [is] perhaps the greatest reporter on Wall Street's crimes in the modern era."—*Salon*

"From Jackson Pollock's dynamic 1948 drip painting to Kehinde Wiley's colorful 2006 hip-hop portrait, 114 works--paintings, sculpture, video art, prints, drawings, photographs, and collage--offer art enthusiasts their old favorites, hidden treasures, and exciting new acquisitions."--Cover.

The study of photography has never been more important. A look at today's digital world reveals that a greater number of photographs are being taken each day than at any other moment in history. Countless photographs are disseminated instantly online and more and more photographic images are earning prominent posi-

tions—and garnering record prices—in the rarefied realm of top art galleries. Reflecting this dramatic increase in all things photographic, *A Companion to Photography* presents a comprehensive collection of original essays that explore a variety of key areas of current debate around the state of photography in the twenty-first century. Essays are grouped and organized in themed sections—including photographic interpretation, markets, popular photography, documents, and fine art—and provide comprehensive coverage of the subject. Representing a diversity of approaches, essays are written by both established and emerging photographers and scholars, as well as various experts in their respective areas. *A Companion to Photography* offers scholars and professional photographers alike an essential and up-to-date resource that brings the study of contemporary photography into clear focus.

Photography and Collaboration offers a fresh perspective on existing debates in art photography and on the act of photography in general. Unlike conventional accounts that celebrate individual photographers and their

personal visions, this book investigates the idea that authorship in photography is often more complex and multiple than we imagine – involving not only various forms of partnership between photographers, but also an astonishing array of relationships with photographed subjects and viewers. Thematic chapters explore the increasing prevalence of collaborative approaches to photography among a broad range of international artists – from conceptual practices in the 1960s to the most recent digital manifestations. Positioning contemporary work in a broader historical and theoretical context, the book reveals that collaboration is an overlooked but essential dimension of the medium's development and potential.

"A distinction [Prince's] work brings out in particular is between pictures & what you do with pictures, between art & how art is used."-Stuart Morgan, *Artscribe*

From the prizewinning *Jewish Lives* series, a fascinating biography of a revolutionary American artist ripe for rediscovery as a photographer and champion of other artists Alfred Stieglitz (1864-1946) was

an enormously influential artist and nurturer of artists even though his accomplishments are often overshadowed by his role as Georgia O'Keeffe's husband. This new book from celebrated biographer Phyllis Rose reconsiders Stieglitz as a revolutionary force in the history of American art. Born in New Jersey, Stieglitz at age eighteen went to study in Germany, where his father, a wool merchant and painter, insisted he would get a proper education. After returning to America, he became one of the first American photographers to achieve international fame. By the time he was sixty, he gave up photography and devoted himself to selling and promoting art. His first gallery, 291, was the first American gallery to show works by Picasso, Rodin, Matisse, and other great European modernists. His galleries were not dealerships so much as open universities, where he introduced European modern art to Americans and nurtured an appreciation of American art among American artists. About *Jewish Lives: Jewish Lives* is a prizewinning series of interpretative biography designed to explore the many facets of Jewish identity. Individual vol-

umes illuminate the imprint of Jewish figures upon literature, religion, philosophy, politics, cultural and economic life, and the arts and sciences. Subjects are paired with authors to elicit lively, deeply informed books that explore the range and depth of the Jewish experience from antiquity to the present. In 2014, the Jewish Book Council named *Jewish Lives* the winner of its Jewish Book of the Year Award, the first series ever to receive this award. More praise for *Jewish Lives*: "Excellent" -New York Times "Exemplary" - Wall St. Journal "Distinguished" -New Yorker "Superb" -The Guardian

A charming, delightfully photographed tribute to the older dog, with essays and poetry. Gandhi once said, "The greatness of a nation and its moral progress can be judged by the way that its animals are treated." How people regard older animals is especially revealing. *Beautiful Old Dogs* is a heartfelt, emotional, passionate tribute to old dogs. It will inspire many readers to get involved in senior dog rescue and adoption, as it honors our senior best friends and explores their current state of care and custody in an informative appendix. This book fea-

tures the exquisite photography of the late Garry Gross, a noted fashion photographer during the 60s, 70s and 80s who, after becoming a highly successful dog trainer in New York City, turned his camera lens towards dogs. Gross, along with Victoria Stilwell from *Animal Planet's It's Me or the Dog*, founded *Dog Trainers of New York* in 2002, and became devoted to highlighting the plight and value of senior dogs. "The older the better," Gross said. "Dogs with soul in their eyes." David Tabatsky has collected Gross's photographs here, and carefully curated an accompanying selection of moving, insightful, funny, and uplifting essays and short pieces by a range of writers, with contributions from Anna Quindlen, Ally Sheedy, Christopher Durang, Doris Day, Dean Koontz, Marlo Thomas, and many more.

Did you know that 44-year-old Frank Sinatra had an affair with 14-year-old Tuesday Weld? And that Elvis started dating Priscilla when she was 14? *The Allure of Nymphets* chronicles famous and infamous age-discrepant relationships from Emperor Augustus to Woody Allen and man's fascination with very young women (i.e.,

nymphets) as shown in literature, films, plays, television, music and the advertising industry.

New York magazine was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating *New York* as both a place and an idea.

A collection of portraits of twelve-year-old girls from around the United States

Words Without Pictures was originally conceived of by curator Charlotte Cotton as a means of creating spaces for thoughtful and urgent discourse around current issues in photography. Every month for a year, beginning in November 2007, an artist, educator, critic, art historian, or curator was invited to contribute a short, un-illustrated, and opinionated essay about an aspect of photography that, in his or her view, was either emerging or in

the process of being rephrased. Each piece was available on the Words Without Pictures website for one month and was accompanied by a discussion forum focused on its specific topic. Over the course of its month-long life, each essay received both invited and unsolicited responses from a wide range of interested parties: students, photographers active in the commercial sector, bloggers, critics, historians, artists of all kinds, educators, publishers, and photography enthusiasts alike—all coming together to consider the issues at hand. All of these essays, responses, and other provocations are gathered together in a volume designed by David Reinfurt of Dexter Sinister. Previously issued as a print-on-demand title, *Aperture* is pleased to present *Words Without Pictures* to the trade for this first time as part of the *Aperture Ideas* series.

The perfect gift for Brooke Shields fans, *There Was a Little Girl* explores Brooke's relationship with her unforgettable mother, Teri, in this extraordinary, heartfelt memoir that became a *New York Times* bestseller. Brooke Shields never had what anyone would consider an ordi-

nary life. She was raised by her Newark-tough single mom, Teri, a woman who loved the world of show business and was often a media sensation all by herself. Brooke's iconic modeling career began by chance when she was only eleven months old, and Teri's skills as both Brooke's mother and her manager were formidable. But in private she was troubled and drank heavily. As Brooke became an adult the pair made choices and sacrifices that would affect their relationship forever. And when Brooke's own daughters were born she found that her experience as a mother was shaped in every way by the woman who raised her. But despite the many ups and downs, Brooke was by Teri's side when she died in 2012, a loving daughter until the end. Only Brooke knows the truth of the remarkable, difficult, complicated woman who was her mother. And now, in an honest, open memoir about her life growing up, Brooke will reveal stories and feelings that are relatable to anyone who has been a mother or daughter.

Photographs by the world's great photographers combine with autobiographical information

and Brooke's poetry, drawings, short stories, and scrapbook clippings to chronicle the life of the thirteen-year-old child-woman model and actress

Raise a glass to the world's most exciting modern and contemporary artists in this inspired cocktail book with over 50 tribute recipes. Go on a boozy tour of art history with this collection of recipes for over 50 expertly crafted cocktails, each one a unique creation inspired by its namesake artist. Unwind with a refreshing tequila-watermelon *Frida Kahlo*. Spark some inspiration while sipping on a *Salvador Dalí*. Or mix it up with a colorfully sweet *Yayoi Kusama*. From painters to sculptors, photographers, and more, each artist profiled has a cocktail recipe that draws deeply from their life and work. Both art lovers and cocktail enthusiasts alike will love pouring over this collection of engaging stories and unique recipes. Inventive and deliciously fun, *ART BOOZEL* will give you a new appreciation for each of these inspiring artists. *INVENTIVE & FUN RECIPES*: Each of these recipes draws from elements of the artist's life and work in colorful ways

that any cocktail enthusiast will enjoy; think tomato garnishes in the Andy Warhol, golden turmeric in the Gustav Klimt, and flower syrup in the Georgia O'Keeffe. **BEST-SELLING TEAM:** Jennifer Croll and Kelly Shami, the author and illustrator who brought you the wildly popular *FREE THE TIPPLE*, are back to deliver more of the colorful cocktail recipes and lush illustration that everyone loves. **PERFECT FOR ART LOVERS:** Any level of art appreciator will enjoy pouring over the diverse biographies and engaging portraits, and will love creating drinks inspired by their favorite modern and contemporary artists. Perfect for: mixology enthusiasts; art and art history lovers; museum and gallery visitors, especially visitors to SFMOMA, MoMA, and LACMA; readers of *Punch*, *Bon Appétit*, *Saveur*.

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for

him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

The eleventh edition of this classic textbook provides an overview of communication and media law that includes the most current legal developments. It explains the laws affecting the daily work of writers, broadcasters, PR practitioners, photographers and other public communicators. By providing statutes and cases in an accessible manner, even to students studying law for the first time, the authors ensure that students will acquire a firm grasp of the legal issues affecting the media. This new edi-

tion features discussions of hot topics such as the prosecution of WikiLeaks founder Julian Assange for Espionage Act violations, the U.S. Supreme Court's decision in *Iancu v. Brunetti* addressing the registration of offensive trademarks, revenge porn, FTC guidelines on social media influencers and efforts by social media platforms to develop coherent approaches to misinformation. The *Law of Public Communication* is an ideal core textbook for undergraduate and graduate courses in communication law and mass media law. A downloadable test bank is available for instructors at www.routledge.com/9780367476793.

This official history of the British Board of Film Classification (BBFC) draws on unprecedented access to the BBFC's archives to trace 100 years of film classification, with contributions from leading film critics and historians and case studies of controversial films such as *Battleship Potemkin* and *A Clockwork Orange*.

Censorship in Polish Art After 1989 is a pioneering work on censorship in Polish art after the fall of the USSR available in English for the first time with a

skilled translation by Lukasz Mojsak. Polish Art Historian Jakub Dabrowski, with contributions from Anna Demenko, offers the first comprehensive study to analyze the problems of restricting the freedom of artistic expression in the Third Polish Republic. The book includes two complementary approaches - legal and historical (including political and social aspects of the phenomenon). Based on the collected factographic material, Dabrowski captures the characteristic qualitative and quantitative characteristics of the phenomenon studied in time. He enters his considerations in a wider social, political, artistic and media context, at the same time pointing to symbolic breakthroughs, precedents, sequences or correlations of events.

For fans of *The Movies That Made Us*, a behind-the-scenes look at what went into making the favorite blockbuster films of the 1980s. A trip back to the era of troubled teens and awesome soundtracks; of Reagan, rap, and Ridgemont High; of MTV, VHS, and "Axel F"; of outsiders, lost boys, and dead poets; of Bill and Ted, Brooke Shields, and the Brat Pack; of three Porky's flicks, two

Coreys, and one summer when "Baby" refused to be put in a corner. The *Ultimate History of the '80s Teen Movie* goes behind the scenes of a genre where cult hits mingled with studio blockbusters, where giants like Spielberg and Coppola rubbed shoulders with baby-faced first-timers, and where future superstars Sean, Demi, and Tom all got their big break. Music, comedy, and politics all play a part in the surprisingly complex history of the '80s teen movie. And while the films might have been aimed primarily at adolescents, the best tackle universal issues and remain relevant to all ages. From a late '70s Hollywood influx to an early '90s indie scene that gave youth cinema a timely reboot, film expert James King highlights the personal struggles, the social changes, and the boardroom shake-ups that produced an iconic time in movie history. "Admirably opting for analysis over nostalgia and gossip, King examines the origin, production, and cultural afterlife of seemingly every youth-centric 1980s movie you've ever heard of and more . . . An excellent adventure through a distinct and genre-spanning era in cinema history. For casual movie fans and

industry-minded cinephiles alike." —Library Journal

Media Law and Ethics is a comprehensive overview and a thoughtful introduction to media law principles and cases as well as related ethical concerns relevant to the practice of professional communication. This is the first textbook to explicitly integrate both media law and ethics within one volume. Since it integrates both current law and ethical queries, it is ideal for both undergraduate and graduate courses in media law and ethics. Co-author Kyu Ho Youm expands this edition's international scope, updating and broadening his chapter on international and foreign law. The book also covers the most timely and controversial issues in modern American media. The new fifth edition has been updated with current events and discusses the potential impact they have.

An analysis of the invasion of our personal lives by logo-promoting, powerful corporations combines muckraking journalism with contemporary memoir to discuss current consumer culture

Updated to reflect new developments through 2019, the tenth edition of *The*

Law of Public Communication provides an overview of communication and media law that includes the most current legal developments. It explains the laws affecting the daily work of writers, broadcasters, PR practitioners, photographers, and other public communicators. By providing statutes and cases in an accessible manner, even to students studying law for the first time, the authors ensure that students will acquire a firm grasp of the legal issues affecting the media. This new edition features color photos, as well as breakout boxes that apply the book's principles to daily life. The new case studies discussed often reflect new technologies and professional practices, including hot topics such as cyber bullying, drones, government surveillance, campaign financing, advertising, and digital libel. The Law of Public Communication is an ideal core textbook for undergraduate and graduate courses in communication law and mass media law. A downloadable test bank is available for instructors at www.routledge.com/9780367353094.

The New York Times Best-seller! After decades of si-

lence, Robyn Crawford, close friend, collaborator, and confidante of Whitney Houston, shares her story. Whitney Houston is as big a superstar as the music business has ever known. She exploded on the scene in 1985 with her debut album and spent the next two decades dominating the charts and capturing the hearts of fans around the world. One person was there by her side through it all—her best friend, Robyn Crawford. Since Whitney's death in 2012, Robyn has stayed out of the limelight and held the great joys, wild adventures, and hard truths of her life with Whitney close to her heart. Now, for the first time ever, Crawford opens up in her memoir, *A Song for You*. With warmth, candor, and an impressive recall of detail, Robyn describes the two meeting as teenagers in the 1980s, and how their lives and friendship evolved as Whitney recorded her first album and Robyn pursued her promising Division I basketball career. Together during countless sold-out world tours, behind the scenes as hit after hit was recorded, through Whitney's marriage and the birth of her daughter, the two navigated often challenging families, great

loves, and painful losses, always supporting each other with laughter and friendship. Deeply personal and heartfelt, *A Song for You* is the vital, honest, and previously untold story that provides an understanding of the complex life of Whitney Houston. Finally, the person who knew her best sets the record straight.

The Law of Public Communication provides an overview of media law that includes the most current legal developments today. It explains the laws affecting the daily work of writers, broadcasters, advertisers, cable operators, Internet service providers, public relations practitioners, photographers, bloggers, and other public communicators. Authors Kent R. Middleton, William E. Lee, and Daxton R. Stewart take students through the basic legal principles and methods of analysis that allow students to study and keep abreast of the rapidly changing field of public communication. By providing statutes and cases in a cohesive manner that is understandable, even to students studying law for the first time, the authors ensure that students will acquire a firm grasp of the legal issues affecting the media. This 2017 Up-

date brings the Ninth Edition up to date with the most recent cases and examples affecting media professionals and public communicators.

Hard-headed evidence on why the returns from investing in girls are so high that no nation or family can afford not to educate their girls. Gene Sperling, author of the seminal 2004 report published by the Council on Foreign Relations, and Rebecca Winthrop, director of the Center for Universal Education, have written this definitive book on the importance of girls' education. As Malala Yousafzai expresses in her foreword, the idea that any child could be denied an education due to poverty, custom, the law, or terrorist threats is just wrong and unimaginable. More than 1,000 studies have provided evidence that high-quality girls' education around the world leads to wide-ranging returns: Better outcomes in economic areas of growth and incomes Reduced rates of infant and maternal mortality Reduced rates of child marriage Reduced rates of the incidence of HIV/AIDS and malaria Increased agricultural productivity Increased resilience to natural disasters Women's empower-

ment What Works in Girls' Education is a compelling work for both concerned global citizens, and any academic, expert, nongovernmental organization (NGO) staff member, policymaker, or journalist seeking to dive into the evidence and policies on girls' education.

Banished is dedicated to sex offender research, and its issues regarding society, mental health, and the law equally. It focuses on this problem in cultural, legal and scientific terms, specifically from the clinical point-of-view, though it is written for the general public. It offers an up-to-date and all-inclusive look into the mind and habits of the pedophile and child molester. This book offers current research into one of the most controversial subjects in society to date, discussing topics of mental illness and various psychological disorders, the law and how this problem is legally dealt with. It focuses on this problem in cultural, legal and scientific terms that are readily comprehensible, both from the clinical standpoint and the layman's point-of-view. The book offers a detailed review of the sex offender; the pedophile and the

child molester, and directly explores his thinking processes, reasoning and related issues that offer a clear and concise exposé in these most hated people. In addition to covering the adult offender, this work also exemplifies the thought processes of child and adolescent offenders in order to offer cues for parents and educators of possible abuse or illicit behavior. Through direct examples of client art, case histories and offender testimonies, the book's purpose will surely educate, as well as in purposing methods for positive change in the process. The research and findings are based on a journalistic foundation, as well as from an experiential point-of-view, where the author had worked with and had interviewed the subjects exemplified in the case studies section directly. One could view this book as a documentary in text form to that of a simple scientific assessment or exposé. Some examples; such as statistical data and related state and government laws, national and international legal information, as well as properly devised case study examples are utilized to help illustrate the intent of the book's overall purpose. Moreover, because there

are sections regarding internet deviancy and its major influence on the human psyche, and that these sections offer raw information, the reader should be aware of the content and the reasoning for using it. It is done so to educate and to hopefully illustrate the realities of this global problem. In addition to a selection of thoroughly researched interviews with said offenders, in the form of case studies reminiscent to the current style of the American Psychological Association (APA) formats, I also highlight a selection of documented artwork, specifically by children and young adults while working as a therapist in various hospitals. This section may serve as an alert for parents and educators for possible cues of sexual abuse in or outside of the home, but such will also illustrate the sheer potency sexual abuse can cause

upon its victims, and how it will be viewed from their unconscious psyche and conscious viewpoints. Here is the ultimate book on the worldwide movement of hackers, pranksters, and activists that operates under the non-name Anonymous, by the writer the Huffington Post says “knows all of Anonymous’ deepest, darkest secrets.” Half a dozen years ago, anthropologist Gabriella Coleman set out to study the rise of this global phenomenon just as some of its members were turning to political protest and dangerous disruption (before Anonymous shot to fame as a key player in the battles over WikiLeaks, the Arab Spring, and Occupy Wall Street). She ended up becoming so closely connected to Anonymous that the tricky story of her inside-outside status as Anon confidante, interpreter,

and erstwhile mouthpiece forms one of the themes of this witty and entirely engrossing book. The narrative brims with details unearthed from within a notoriously mysterious subculture, whose semi-legendary tricksters—such as Topiary, tflow, Anachaos, and Sabu—emerge as complex, diverse, politically and culturally sophisticated people. Propelled by years of chats and encounters with a multitude of hackers, including imprisoned activist Jeremy Hammond and the double agent who helped put him away, Hector Monsegur, Hacker, Hoaxer, Whistleblower, Spy is filled with insights into the meaning of digital activism and little understood facets of culture in the Internet age, including the history of “trolling,” the ethics and metaphysics of hacking, and the origins and manifold meanings of “the lulz.”
