Comprehensive, technically accurate, and up-to-date, HEAVY DUTY TRUCK SYSTEMS, 6E is the best-selling introduction to servicing medium- and heavy-duty trucks. Now in striking full color, the sixth edition helps users develop a strong foundation in electricity and electronics, power train, steering and suspension, brakes, and accessories systems and presents introductory material on servicing, safety, tools, and preventive maintenance. This edition is updated with full coverage of ASE Education Foundation competencies and the latest technology, including 2014 J1939 updates and access tools, Wingman radar, CMS, and Allison TC10 transmissions (introduced in 2013). The book's proven pedagogy is enhanced by extensive sets of review questions and over 1700 full-color photographs and pieces of art that help readers visualize key concepts and servicing procedures. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Includes advertising matter.

Issues for include section: Bituminous roads and streets.

This book seeks to impart lines of reasoning, demonstrate approaches, and provide comprehensive data for practical tasks. Although much of the content is concerned with aspects of technology and production that are of general validity, and hence of enduring relevance, there is also a chapter on various state-of-the-art production designs. The strong market dynamics in recent years is reflected in numerous new transmission types, and major lines of evolution treated include the increasing use of electronics, light-weight construction, and the automation of manual gearboxes. The expertise recorded here mainly springs from joint projects between German and international car and gear manufacturers.

The inspiration for the new ABC series Big Sky. Winner of the Edgar Award for Best Novel, the New York Times bestselling author of Back of Beyond and Breaking Point and the creator of the Joe Pickett series is back. "If CJ Box isn't already on your list, put him there." - USA Today When two sisters set out across a remote stretch of Montana road to visit their friend, little do they know it will be the last time anyone might ever hear from them again. The girls—and their car—simply vanish. Former police investigator Cody Hoyt has just lost his job and has fallen off the wagon after a long stretch of sobriety. Convinced by his son and his former rookie partner, Cassie Dewell, he begins the drive south to the girls' last known location. As Cody makes his way to the lonely stretch of Montana highway where they went missing, Cassie discovers that Gracie and Danielle Sullivan aren't the first girls who

have disappeared in this area. This majestic landscape is the hunting ground for a killer whose viciousness is outmatched only by his intelligence. And he might not be working alone. Time is running out for Gracie and Danielle...Can Cassie overcome her doubts and lack of experience and use her innate skill? Can Cody Hoyt battle his own demons and find this killer before another victim vanishes on the highway?

Beginning with 1937, the April issue of each vol. is the Fleet reference annual.
