

Download Ebook Independent Clause Dependent Clause

Thank you utterly much for downloading **Independent Clause Dependent Clause**. Maybe you have knowledge that, people have look numerous time for their favorite books subsequent to this Independent Clause Dependent Clause, but end occurring in harmful downloads.

Rather than enjoying a good book gone a cup of coffee in the afternoon, then again they juggled when some harmful virus inside their computer. **Independent Clause Dependent Clause** is handy in our digital library an online admission to it is set as public therefore you can download it instantly. Our digital library saves in complex countries, allowing you to acquire the most less latency times to download any of our books considering this one. Merely said, the Independent Clause Dependent Clause is universally compatible past any devices to read.

EODNBM - GRETCHEN LARSON

Excerpt from A Teachers' manual of English Grammar and Analysis A complex sentence is one that contains a principal, or independent clause, and one or more subordinate clauses. A clause is a part of a sentence having a subject and a predicate. Clauses may be classified as to rank and as to meaning, or use. Classified as to rank, clauses are principal and subordinate; sometimes the words independent and dependent are used. The term principal is more accurate than independent, hence in this manual its use is preferred. As a rule, clauses are rarely independent. Occasionally such a construction occurs. In the sentence, He runs, as it were, on the wings of the wind, the clause, as it were, is strictly independent; that is, it has no grammatical connection, whatever, with the remainder of the sentence. It should be construed as a clause used independently. Classified as to meaning, or use, clauses are noun, adjectival, and adverbial. A noun clause is one performing the office of a noun. It may have most of the ordinary uses of a noun, but not all. For instance, a noun clause cannot be used as a possessive modifier. It is true that an adjective clause may be introduced by the relative whose, but whose as a word is in the possessive case, not the entire clause. Again, a noun clause cannot be used in an independent manner by direct address. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

In this chapter you will learn :- Sentences can be constructed in three ways : Simple sentence : A simple sentence expresses a single, complete thought, Compound sentence : A compound sentence contains two or more independent clauses (Simple sentences) joined by a coordinating conjunction, Complex sentences : A complex sentence is a sentence with an independent clause and at least one dependent clause.

This book introduces the principles and practice of writing a comprehensive reference grammar. Several thousand distinct languages are currently spoken across the globe, each with its own grammatical system and its own selection of diverse grammatical structures. Comprehensive reference grammars offer a basis for understanding linguistic diversity and can provide a unique perspective into the structure and social and cognitive underpinnings of different languages. Alexandra Aikhenvald describes the means of collecting, analysing, and organizing data for use in this type of grammar, and discusses the typological parameters that can be used to explore relationships with other languages. She considers how a grammar can be made to reflect and bring to life the society of its speakers through background explanation and the judicious choice of examples, as well as by showing how its language, history, and culture are intertwined. She ends with a full glossary of terms and guidance for those wanting to explore a particular linguistic phenomenon or language family. The Art of Grammar is the ideal resource for students and teachers of linguistics, language studies, and inductively-oriented linguistic, cultural, and social anthropology.

The Elements of Style William Strunk concentrated on specific questions of usage—and the cultivation of good writing—with the recommendation "Make every word tell"; hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by Time in its 2011 list.

This book offers an easily accessible specific methodology for describing the nuances of spoken and written texts, of any length, in meaning and manageable ways.

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-

read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition prepositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!

Fragen der Koordination und der Subordination stehen seit langer Zeit im Fokus sprachwissenschaftlicher Forschung. Während in den 70er und auch noch in den 80er Jahren die Analyse der als kanonisch zu bezeichnenden Fälle im Vordergrund stand, drängten sich in den letzten 30 Jahren vor allem Grenzfälle wie weil-V2-Sätze, abhängige V2-Sätze, selbständige und weiterführende VL-Sätze etc. in das Zentrum des Interesses. Die Beiträge zum vorliegenden Band bauen auf den Erkenntnissen dieser Arbeiten auf, ergänzen sie aber systematisch um eine breit angelegte Diskussion typologischer, diachroner und erwerbstheoretischer Aspekte. Ein weiteres zentrales Anliegen der Arbeiten besteht darin, die theoretischen Konzepte zur Modellierung relevanter Strukturbedeutungen (z.B. V2) zu präzisieren. Linguistic research has focussed on issues related to coordination and subordination for a long time. Whereas in the 1970s and 1980s, the main concern was the analysis of canonical clause structure, the interest shifted towards non-canonical phenomena such as weil-verb-second-clauses, dependent verb-second-clauses, independent and continuative verb-final clauses etc. The contributions to this issue build on findings of these studies, at the same time systematically adding a broad discussion of typological, diachronic and acquisition-related aspects. A further central concern of the studies is to make precise theoretical concepts of modelling the semantics of relevant structural configurations, such as verb-second.

Brehe's Grammar Anatomy makes grammar accessible to general and specialist readers alike. This book provides an in-depth look at beginner grammar terms and concepts, providing clear examples with limited technical jargon. Whether for academic or personal use, Brehe's Grammar Anatomy is the perfect addition to any resource library. Features: Practice exercises at the end of each chapter, with answers in the back of the book, to help students test and correct their comprehension Full glossary and index with cross-references Easy-to-read language supports readers at every learning stage

An unforgettable German bestseller about the European refugee crisis: "Erpenbeck will get under your skin" (Washington Post Book World) Go, Went, Gone is the masterful new novel by the acclaimed German writer Jenny Erpenbeck, "one of the most significant German-language novelists of her generation" (The Millions). The novel tells the tale of Richard, a retired classics professor who lives in Berlin. His wife has died, and he lives a routine existence until one day he spies some African refugees staging a hunger strike in Alexanderplatz. Curiosity turns to compassion and an inner transformation, as he visits their shelter, interviews them, and becomes embroiled in their harrowing fates. Go, Went, Gone is a scathing indictment of Western policy toward the European refugee crisis, but also a touching portrait of a man who finds he has more in common with the Africans than he realizes. Exquisitely translated by Susan Bernofsky, Go, Went, Gone addresses one of the most pivotal issues of our time, facing it head-on in a voice that is both nostalgic and frightening.

A second edition fully updated for the current SAT (2020 and beyond) This book brings together everything you need to know for the SAT math section. Unlike most other test prep books, this one is truly geared towards the student aiming for the perfect score. It leaves no stones unturned. Inside, You'll Find: Clear explanations of the tested math concepts, from the simplest to the most obscure Hundreds of examples to illustrate all the question types and the different ways they can show up Over 500 practice questions

and explanations to help you master each topic The most common mistakes students make (so you don't) This is the most thorough SAT prep out there. For more sample chapters and information, check out <http://thecollegepanda.com/books> Changes from the 1st edition include: Additional chapter on minimum and maximum word problems Ratio questions Function transformations Boxplots Many additional practice questions spread throughout Many revisions to fine-tune the review material to the current SAT Many formatting and typo fixes

A major grammar reference book of modern English, specially written for intermediate learners of English. English Grammar Today is an indispensable reference guide to contemporary English grammar and usage. With extensive corpus research at its core, it provides over 500 entries organised into an easy-to-use A-Z structure. Authentic examples of written and spoken English place the grammar in context and the clear explanations make it ideal for intermediate learners of English at CEF levels B1-B2, including those preparing for IELTS or Cambridge English exams such as Preliminary and First. The book comes with a free CD-ROM that provides the book content and nearly 200 additional entries, plus audio recordings of all the examples and dialogues.

This book provides a comprehensive review of all the question types, concepts, and skills covered on the Reading portion of the redesigned SAT.

This book " BASIC ENGLISH LANGUAGE, phrase, clause and sentence" deeply it explains and discusses the following PHRASE Determiners Preposition phrase Types of Phrases: Noun phrase Verb phrase Adjective phrase Adverbial phrase Prepositional phrase Types of Phrases Based on Structure and theme Appositive Phrase Gerund Phrase Infinitive Phrase Participial Phrase Prepositional Phrase CLAUSE Major types clauses Types of dependent clause A relative clause Noun clause Types of Clauses Independent and dependent clause The sentence Basic sentence structures of the English language OBSERVATION AND COORDINATION IN SENTENCE Structural of sentence TYPES OF SENTENCES Types of Sentence according to function SYNTACTIC FUNCTIONS OF THE SENTENCE CONSTITUENTS Sentence constituency

Get to grips with solving real-world NLP problems, such as dependency parsing, information extraction, topic modeling, and text data visualization Key Features Analyze varying complexities of text using popular Python packages such as NLTK, spaCy, sklearn, and gensim Implement common and not-so-common linguistic processing tasks using Python libraries Overcome the common challenges faced while implementing NLP pipelines Book Description Python is the most widely used language for natural language processing (NLP) thanks to its extensive tools and libraries for analyzing text and extracting computer-usable data. This book will take you through a range of techniques for text processing, from basics such as parsing the parts of speech to complex topics such as topic modeling, text classification, and visualization. Starting with an overview of NLP, the book presents recipes for dividing text into sentences, stemming and lemmatization, removing stopwords, and parts of speech tagging to help you to prepare your data. You'll then learn ways of extracting and representing grammatical information, such as dependency parsing and anaphora resolution, discover different ways of representing the semantics using bag-of-words, TF-IDF, word embeddings, and BERT, and develop skills for text classification using keywords, SVMs, LSTMs, and other techniques. As you advance, you'll also see how to extract information from text, implement unsupervised and supervised techniques for topic modeling, and perform topic modeling of short texts, such as tweets. Additionally, the book shows you how to develop chatbots using NLTK and Rasa and visualize text data. By the end of this NLP book, you'll have developed the skills to use a powerful set of tools for text processing. What you will learn: Become well-versed with basic and advanced NLP techniques in Python Represent grammatical information in text using spaCy, and semantic information using bag-of-words, TF-IDF, and word embeddings Perform text classification using different methods, including SVMs and LSTMs Explore different techniques for topic modeling such as K-means, LDA, NMF, and BERT Work with visualization techniques such as NER and word clouds for different NLP tools Build a basic chatbot using NLTK and Rasa Extract information from text using regular expression techniques and statistical and deep learning tools Who this book is for This book is for data scientists and professionals who want to learn how to work with text. Intermediate knowledge of Python will help you to make the most out of this book. If you are an NLP practitioner, this book will serve as a code reference when working on your projects.

Writing a novel can seem daunting, but it doesn't have to be. No matter where you are with your writing project--beginning the

first draft, rewriting the fifth draft, or editing the final draft—help is available. *The Magic of Fiction* is a comprehensive guide for crafting fiction. It's the perfect resource for writers planning to self-publish, authors looking for an edge for manuscript submissions, and editors looking for a handbook on craft. Students and educators will also benefit, with details about the crafts of writing and editing available in a single book. Whether you intend to self-publish or submit your manuscript to agents or publishers, use *The Magic of Fiction* to master the ins and outs of writing and revision, create stronger early drafts, and edit your own stories. This guide addresses all aspects of editing and writing, from the mechanics to story issues to style concerns. In it you'll find—

- ~ A comprehensive editing checklist
- ~ Fixes for common writing mistakes
- ~ Specifics for punctuation in dialogue
- ~ Tips for putting setting to work for your fiction
- ~ Suggestions for editing for the reader
- ~ Help for writing to genre conventions
- ~ Tips for word choices
- ~ A guide for editing approaches and much more.

Every fiction writer should be equipped to not only write well, but to rewrite and edit. There are books designed to help you write a novel, books to help you revise, and books to help you with the nitty-gritty of punctuation and grammar. *The Magic of Fiction* brings all those elements together in a single easy-to-digest resource for the writer looking for an edge in today's literary marketplace. The format of *The Magic of Fiction* helps you focus on what you need when you need it. Chapters provide detailed discussions of topics and end with "quick lists" to help you get straight to work on your own stories. Written by freelance fiction editor Beth Hill, *The Magic of Fiction* will help you produce high-quality fiction that will earn attention for all the right reasons.

A Glossary of English Grammar presents a wide range of terms used to describe the way the English language is structured. Grammatical terms can be a problem for students, especially when there are alternative names for the same thing (for example, 'past tense' and 'preterite'). This book therefore provides a basic and accessible guide, focusing on the English language. Definitions of grammatical terms are given in simple language, with clear examples, many from authentic texts and spoken sources, showing how they are used. The terms used in the *Comprehensive Grammar of the English Language* are widely seen as standard, and form the basis of grammatical terminology in this book. At the same time, this glossary does not neglect other variants of English grammar, such as that of Huddleston and Pullum's influential *Cambridge Grammar of the English Language*, whose most important terms are also covered here. This book is indispensable for anyone wishing to understand present-day terminology of English grammar more fully.

Sentence is a group of words that expresses a complete thought and makes sense. Sentence begins with a capital letter and ends with a full stop, a question mark or an exclamation mark. It is in this lucid manner that this book will teach you sentences. Sentence is of different types. Sentence is classified according to its structure and function. According to structure, there are simple sentence, compound sentence, complex sentence, and compound-complex sentence. It clearly explains the simple sentence. Simple sentence expresses a single idea. Simple sentence is an independent clause that has only a subject and a predicate. It analyzes the compound sentence. Compound sentence comprises two or more simple sentences loosely joined together by semicolons or coordinating conjunctions. It appraises the complex sentence. Complex sentence consists of at least one independent clause plus one or more dependent clauses. Complex sentence is of two types. They are loose sentence and periodic sentence. It evaluates the compound-complex sentence. Compound-complex sentence consists of at least one independent clause and one or more dependent clauses. It also discusses the sentences according to function. According to function, there are declarative sentence, interrogative sentence, imperative sentence and exclamatory sentence. It examines the elements of sentence. They are subject, verb, object, complement and adverbial. In every good sentence, the subject and verb are compulsory while other elements are optional. It highlights the patterns of sentence. A pattern differs from another because there are changes in the sentence elements, especially the object, complement or adverbial. It shows how to employ parallelism in the construction of sentences. Parallelism is the state of having similar nouns, phrases and clauses in a sentence. And it contains many crucial questions designed to enable you master how to make correct sentences.

Provide a description about the book that does not include any references to package elements. This description will provide a description where the core, text-only product or an eBook is sold. Please remember to fill out the variations section on the PMI with the book only information. Important Notice: Media content referenced within the product description or the product text may not be available in the eBook version.

A staple for adults, students, and anyone who has ever been baffled by then to use a comma—and a serial comma—*The Complete Idiot's Guide to Grammar and Style* contains basic chapters on the parts of speech, gradually building up to the finer points of writing, sentence structure, punctuation, creating paragraphs, and following accepted publishing styles.

Description (Conjunction) As we know there are eight parts of speech in English Grammar and one of them is conjunction which

is as important as others but the tragedy is that people while reading do not pay heed to it (Conjunction) properly. We are satisfied with the idea that conjunction is a word that joins two or more sentences or phrases or clauses but reality is something else. To know this "Something else" you will have to read it thoroughly. The author after thorough study has described it very broadly with the suitable examples in all cases. Moreover, it is not merely a description but a "Research Paper" in conjunction. Now the whole chapter is accessible on online payment of Rs.99 only His website is www.e-bluebooks.com

Further your SAT vocabulary knowledge to get farther down the road to success Seberson Method: New SAT® Vocabulary Workbook helps students master more than 700 high-frequency words that frequently appear on the test's Reading, Writing, and Essay sections. The book's approach reflects changes made to the SAT in recent years, focusing on more contextual vocabulary understanding than rote memorization. Each of the 145 bite-size lessons features a theme to help improve vocabulary retention, and each includes an activity to test understanding. It's a modern workbook designed to give college-bound students the edge needed to improve their SAT scores. The Seberson Method includes: Contextual learning--Vocabulary is organized into sections focused on real topics you'll encounter on the SAT such as history and science. Master tricky topics--Learn the difference between similar words and phrases with different meanings. Now or later--This focused approach works equally well for students who are taking the test in a week or in a year. This workbook is a perfect resource for anyone looking to master the SAT's vocabulary section with the most contemporary information and methods available.

Kaplan's ACT Prep Plus 2022 has the detailed subject review, practice tests, and expert strategies you need to be prepared for test day. This edition includes hundreds of practice questions, online practice tests, and video lessons from our experts to help you face test day with confidence. Kaplan is an Official Teaching Partner of the ACT. We're so certain that ACT Prep Plus 2022 offers the guidance you need that we guarantee it: After studying with our online resources and book, you'll score higher on the ACT—or you'll get your money back. Essential Review 5 full-length Kaplan practice tests with detailed answer explanations (1 printed in the book and 4 tests online) One-year access to our online center with additional quizzes and videos to help guide your study Pre-quizzes to help you figure out what you already know and what you can skip Mixed practice quizzes after every chapter to assess how much you've learned A practice question at the beginning of each lesson to help you quickly identify its focus and dedicated practice questions after every lesson to test your comprehension Efficient Strategy "On Test Day" strategy notes in every math chapter to help you remember that the ACT math test is primarily a strategy test "Reflect" pages that help you evaluate your comfort level with the topics and make a plan for improving before the test after completing each chapter Online study-planning tool helps you target your prep no matter how much time you have before the test. Expert Guidance We know the test: Our learning engineers have put tens of thousands of hours into studying the ACT, and we use real data to design the most effective strategies and study plans. Kaplan's books and practice questions are written by veteran teachers who know students—every explanation is written to help you learn. We invented test prep—Kaplan (kaptest.com) has been helping students for over 80 years.

A fully revised and updated edition of the bible of the newspaper industry

The bestselling workbook and grammar guide, revised and updated! Hailed as one of the best books around for teaching grammar, *The Blue Book of Grammar and Punctuation* includes easy-to-understand rules, abundant examples, dozens of reproducible quizzes, and pre- and post-tests to help teach grammar to middle and high schoolers, college students, ESL students, homeschoolers, and more. This concise, entertaining workbook makes learning English grammar and usage simple and fun. This updated 12th edition reflects the latest updates to English usage and grammar, and includes answers to all reproducible quizzes to facilitate self-assessment and learning. Clear and concise, with easy-to-follow explanations, offering "just the facts" on English grammar, punctuation, and usage Fully updated to reflect the latest rules, along with even more quizzes and pre- and post-tests to help teach grammar Ideal for students from seventh grade through adulthood in the US and abroad For anyone who wants to understand the major rules and subtle guidelines of English grammar and usage, *The Blue Book of Grammar and Punctuation* offers comprehensive, straightforward instruction.

Designed for those beginning to study linguistics, this is a lively introduction to two key aspects of the structure of language: syntax (the structure of sentences) and morphology (the structure of words). It shows students in a step-by-step fashion how to analyze the syntax and morphology of any language, by clearly describing the basic methods and techniques, and providing almost 100 practical exercises based on data from a rich variety of the world's languages. Written in an engaging style and complete with a comprehensive glossary, *Exploring Language Structure* explains linguistic concepts by using clear analogies from everyday life. It introduces

a range of essential topics in syntax and morphology, such as rules, categories, word classes, grammatical relations, multi-clause constructions and typology. Providing a solid foundation in morphology and syntax, this is the perfect introductory text for beginning students, and will fully prepare them for more advanced courses in linguistic analysis.

One Hundred Minutes to Better Basic Skills Provides 100 "Minutes" of 10 problems for students to complete within a short time period. Providing daily practice in key areas of grammar instruction, *Grammar Minutes* is a fun way to improve students' grammar proficiency and an instant assessment tool. Great for Test Prep! Topics include: Adverb, Adjective & Noun Clauses; Gerund, Participial & Infinitive Verbals; Gerund, Participial, Infinitive, Prepositional & Appositive Phrases.

Kelley Wingate's *Grammar* for grades 5-6 is designed to help students master necessary grammar skills. Aligned to the Common Core State Standards, this book includes a comprehensive review section for each major concept. Each engaging practice page is designed to reinforce essential grammar concepts. Grammar skills covered include advanced parts of speech, independent and dependent clauses, sentence structure, idioms, and in-depth word study. The 128-page Kelley Wingate series provides a strong foundation of basic skills and offers differentiated practice pages to make sure all students are well prepared to succeed in today's Common Core classroom. The books include Common Core standards matrices, cut-apart flashcard sections, and award certificates. This series is designed to engage and recognize all learners, at school or at home.

A comprehensive reference text that examines how the three aspects of language (genre, text and grammar) can be used as resources in teaching and assessing writing. It provides an accessible account of current theories of language and language learning, together with practical ideas for teaching and assessing the genres and grammar of writing across the curriculum.

Provides information on stylistic aspects of research papers, theses, and dissertations, including sections on writing fundamentals, MLA documentation style, and copyright law Presents lessons in learning English grammar.

This is "a textbook and reference book designed to help students understand all aspects of sentence structure and syntax and to help teachers explain all difficult to answer questions that students might have. This book is also suitable for students hoping to achieve a 6.0 or a 7.0 in the IELTS test. This book covers the following topics: adverbial clauses, cause and effect language, cohesion, compare and contrast language, gerund clauses, hedging, independent and dependent clauses, infinitive clauses, modals, noun clauses, participial clauses, passive voice, refutation, relative clauses, tense, word forms, writer voice. Answers and examples included." -- from back cover.

In its 1500-year history, the English language has seen dramatic grammatical changes. This book offers a comprehensive and reader-friendly account of the major developments, including changes in word order, the noun phrase and verb phrase, changing relations between clausal constituents and the development of new subordinate constructions. The book puts forward possible explanations for change, drawing on the existing and most recent literature, and with reference to the major theoretical models. The authors use corpus evidence to investigate language-internal and language-external motivations for change, including the impact of language contact. The book is intended for students who have been introduced to the history of English and want to deepen their understanding of major grammatical changes, and for linguists in general with a historical interest. It will also be of value to literary scholars professionally engaged with older texts.

Grammar Choices is a different kind of grammar book: It is written for graduate students, including MBA, master's, and doctoral candidates, as well as postdoctoral researchers and faculty. Additionally, it describes the language of advanced academic writing with more than 300 real examples from successful graduate students and from published texts, including corpora. Each of the eight units in *Grammar Choices* contains: an overview of the grammar topic; a preview test that allows students to assess their control of the target grammar and teachers to diagnose areas of difficulty; an authentic example of graduate-student writing showing the unit grammar in use; clear descriptions of essential grammar structures using the framework of functional grammar, cutting-edge research in applied linguistics, and corpus studies; vocabulary relevant to the grammar point is introduced—for example, common verbs in the passive voice, summary nouns used with this/these, and irregular plural nouns; authentic examples for every grammar point from corpora and published texts; exercises for every grammar point that help writers develop grammatical awareness and use, including completing sentences, writing, revising, paraphrasing, and editing; and a section inviting writers to investigate discipline-specific language use and apply it to an academic genre. Among the changes in the Second Edition are: new sections on parallel form (Unit 2) and possessives (Unit 5) revised and expanded explanations, but particularly regarding verb complementation, complement noun clauses, passive voice, and stance/engagement a restructured Unit 2 and significantly revised/updated Unit 7 new Grammar Awareness tasks in Units 3, 5,

and 6 new exercises plus revision/updating of many others self-editing checklists in the Grammar in Your Discipline sections at the end of each unit representation of additional academic disciplines (e.g., engineering, management) in example sentences and texts and in exercises.

Do you know how to use semicolons, where to put your apostroph-

es and when to use commas? Do you know the difference between affect and effect, if and whether, or who and whom? Do you know why this stuff matters? If you've reached a stage in your career or education where your writing needs to be high quality, Grammar for Grown-ups is a must for your top drawer. Vocational rather than academic, Grammar for Grown-ups is packed with

real-life examples and keeps you engaged with a wealth of great quotations from Homer the Greek to Homer the Simpson. Straight talking and methodical, Craig Shriver draws on his years as an intelligence officer as well as over a decade spent compiling his popular grammar website to present a comprehensive but light-hearted and easily digestible grammar reference guide.
