SEO - What is SEO? - Tutorialspoint

SEO is a subset of search engine marketing. SEO is also referred as SEO copyrighting, because most of the techniques that are used to promote sites in search engines, deal with text. If you plan to do some basic SEO, it is essential that you understand how search engines work.

SEO Tutorial for Beginners | Search Engine Optimization ...

Search engine optimization (SEO) is often about making small modifications to parts of your website. When viewed individually, these changes might seem like incremental improvements, but when combined with other optimizations, they could have a noticeable impact on your site's user experience and performance in organic search results.

SEO is a marathon, not a sprint-you're playing the long game. It's not about a one-time optimization of five existing pages and never looking at your website again. It's not even only about planning and creating evergreen content that will get you steady amounts of passive traffic.
