The Family Fang - Wikipedia

'*The Family Fang*', by Kevin Wilson, was a troubling read for me. It is the story of the Fang Family, two parents and two children. Mr and Mrs Fang are performance artists, staging 'shocking' spectacles in public places in the name of 'art'. Their children are both pawns of their art and sometimes willing, often unwilling, participants.

Wilson's bizarre, mirthful debut novel (after his collection, *Tunneling to the Center of the Earth*) traces the genesis of the Fang family, art world darlings who make strange and memorable things.

"THE FAMILY FANG is a comedy, a tragedy, and a tour-de-force examination of what it means to make art and survive your family. Like everything else Kevin Wilson does, I have never seen anything like it before. The best single word description would be brilliant."
