LIQH89 - HARPER SHELTON

The study of women and religion typically examines the role of women within particular religious faiths, and religious doctrines relating to gender, gender roles, and particular women in religious history. Most religions elevate the status of men over women, have stricter sanctions against women, and require them to be submissive.

And if two men be not found then a man and two women." Muslim apologists offer creative explanations to explain why Allah felt that a man's testimony in court should be valued twice as highly as a woman's, but studies consistently show that women are actually less likely to tell lies than men, meaning that they make more reliable witnesses.

A Woman Worth Less than a Man in Islam

But even these superstitions prove that man is by nature a religious being. Man is a spirit, clouded and obscured, struggling with darkness, and fettered by sin, yet aiming at lofty things, and striving to regain some glimpses of the Divine form, which was accustomed to walk with man while yet in the garden of primeval innocence.

What is the difference between being religious and being ...

When I took a class on Islam as part of my undergraduate degree, the professor recommended this text, 'The Religions of Man', as short but good overview of the world's major religions generally, and I have always appreciated that recommendation.

Essence of Christianity, 1841. Religion has its genesis in the essential difference between man and the animal - the animals have no religion. Although it is true that the old uncritical zoographers at-

tributed to the elephant, among other laudable qualities, the virtue of religiousness, the fact is that such a thing as the religion of elephants belongs to the realm of fable.

Religion annually contributes about \$1.2 trillion dollars of socio-economic value to the United States economy, according to a 2016 study by the Religious Freedom & Business Foundation. That is equivalent to being the world's 15th-largest national economy, outpacing nearly 180 other countries and territories.

The primary principles of the Cult of the Supreme Being were a belief in the existence of a god and the immortality of the human soul. Though not inconsistent with Christian doctrine, these beliefs were put to the service of Robespierre's fuller meaning, which was of a type of civic-minded, public virtue he attributed to the Greeks and Romans.
